

# Dr. Asadul Al Galib

BMDC Reg. No - 126870

## Profile

---

Dedicated medical professional with internship experience at Sir Salimullah Medical College & Mitford Hospital. Proven expertise in executing department activities, managing emergencies, and conducting comprehensive medical assessments. Skilled in specialized procedures, infection control, and surgical assistance. Strong communicator with experience in crafting discharge certificates, death notes, and medical records. Committed to become an ethical and safe surgeon. Ready to contribute as a medical officer in a dynamic surgical department.

## Experience

---

### Internship

*October, 2022 - September, 2023*

Sir Salimullah Medical College & Mitford Hospital, Dhaka

- Executed department activities under consultant guidance.
- Attended daily ward rounds, providing medical management for outpatient, inpatient, and staff members.
- Conducted comprehensive history taking and clinical examination for over 300 patients, refining my skills in thorough medical assessments.
- Managed emergency situations, including acute urinary retention (5+), gut obstruction (5+), gut perforation (3+), and acute appendicitis (15+), showcasing quick and decisive medical interventions.
- Demonstrated expertise in specialized procedures e.g. catheterization (10+), NG Tube insertion (20+), blood transfusion (50+), ensuring patient safety and protocol adherence.
- Maintained meticulous infection control practices through over 30 instances of scrubbing, gowning, and gloving.
- Assisted in a range of surgical procedures, including appendectomies (15+), cesarean sections (15+), hernioplasties, emergency laparotomies, showcasing versatility in surgical assistance.
- Authored 200+ discharge certificates, 10+ death notes, and over 50 operation notes, pre- and postoperative orders, ensuring precise and comprehensive medical records.
- Applied plaster in multiple cases, showcasing skills in orthopedic care.
