

# Dr. Atiya Fyruz

BMDC Reg. No - 126871

## Profile

---

Dynamic medical professional with a comprehensive educational background and impactful internship at Sir Salimullah Medical College & Mitford Hospital. Conducted patient assessments, actively contributed to treatment plans, and proficiently executed diverse medical procedures under supervision. Seeking to leverage academic and practical experience in a dynamic healthcare environment.

## Experience

---

### Internship

*October, 2022 - September, 2023*

Sir Salimullah Medical College & Mitford Hospital

- Provided comprehensive treatment to patients on both inpatient and outpatient bases, demonstrating versatility in delivering healthcare across varied settings.
- Actively participated in 1200+ patient assessments, including history-taking, physical examinations, and the timely ordering of diagnostic tests.
- Collaborated closely with a multidisciplinary medical team, actively engaging in daily rounds and contributing to treatment plans for 300+ patients during the internship.
- Performed medical procedures, including wound dressings (50+), wound closure (10+), catheterization (10+), NG tube insertion (20+), paracentesis (5+), blood transfusion (100+), chemotherapy (5+) under direct supervision, consistently adhering to established medical standards and safety protocols.
- Provided daily follow-ups to patients, ensuring ongoing monitoring and adjustment of treatment plans for optimal recovery.
- Engaged in continuous and personalized communication with patients, effectively conveying treatment plans, preventive healthcare measures, and post-discharge care instructions to over 500 individuals. Demonstrated strong communication skills by providing ongoing counseling to both patients and their attendants throughout their healthcare experience.
- Applied strong documentation skills by writing order sheets for patients, preoperative and postoperative orders, death certificates, and maintaining the admission register.
